

Excursion to Sainte Beaufort

Hours : 8h - 12h

Ste Beaufort is a Provençal massif in the south-east of France. The two highest summits of the same altitude, are the « Yoke of the Eagle » and the «Beguines' signal» which culminate at 1,148 meters. The exceptional charm of the site is due to the presence of a developed beech forest, preserved for centuries, and St. Mary Magdalene' cave, a major pilgrimage site in the Middle Ages.
